<p>MESSAGE:</p> <p>In the exigency and interest of port security and safety, and to deter the re-occurrence of recorded incidents/accidents involving the marshalling or jack-up of container chassis resulting to damage to manhole and/or drainage covers, PMO Misamis Oriental/Cagayan de Oro hereby directs the drivers/operators of prime movers/Ottawa from the cargo handling service providers, shipping line companies (local or on-board), and truck hauling services providers, that the jack-up of container chassis shall be at the designated marshalling area, as identified in the cargo location plan and/or discussed by the Terminal Operations during the Daily Cargo Pre-planning Meeting.</p> <p>It shall be the responsibility of the driver/operator to check and ensure that container chassis' landing legs and/or wheels are not positioned on top of a manhole/drainage cover prior to disengaging the prime mover/Ottawa from the chassis for jack-up. Moreover, shipping line companies shall be responsible to disseminate and ensure compliance of this advisory by their respective on-board vessel driver/operators.</p> <p>For proper guidance and compliance</p> <div style="display: flex; justify-content: space-between; align-items: flex-end;"> <div style="text-align: center;">  RYAN P.
